

Information

Von Tundra is a Portland-based design house specializing in the creation of contemporary furniture, fixtures, installations, and interiors. Since the group's founding in 2007 its three members have honed an aesthetic vision that unites Modernism's efficient lines with the warmth of familiar materials and handcrafted integrity. As both a licensed company and artist collaborative, Von Tundra has the ability to engage a variety of creative activities, from client-inspired projects to conceptually focused gallery exhibitions.
